# One Day Unitronics Training Plus a 1/2 day one to one programming clinic

## UniLogic: The software that slashes development time!

Join us Tuesday June 13th for a one day Unitronics training followed by a one to one 1/2 day programming clinic with a unitronics support engineer.

Instructor: Thomas Gomez: Unitronics LLC

### Agenda:

- UniStream and UniLogic Introduction
- Software Navigation
- Ladder Elements (Contacts, Coils, etc.)
- HMI Elements (Buttons, Images, HMI Jumps, etc.)
- Data Tags
- Structs
- Physical Inputs/ Outputs
- Timers/ Actions
- Q &A
- Lunch will be served to all attendees

Cost: No charge

### Location:

- Texas Sensors and Controls- 702 S. Persimmon St. BLDG 3A, Tomball, Texas 77375

### What you need:

- PC with latest unilogic software installed
- Unistream PLC (we have loaners if needed)

This class will be followed by an optional 1/2 day one to one training on Wednesday and Thursday. During this time there will be a Unitronics technical support engineer that will guide you through all your programming questions and concerns.

This is a very popular event so we ask that you book well in advance.

To attend or if you have any questions please contact us [HERE](#) or call us at 281.655.9902 and push 1.
